

## **Central Oklahoma Manufacturers' Association Announces New Insurer for Workers' Compensation Program**

The Central Oklahoma Manufacturers' Association (COMA) is excited to announce a New Workers' Compensation Program for its Members; underwritten by PMA Insurance Group and administered by Midlands Management Corporation.

### **THIS PROGRAM IS OPEN TO ALL OKLAHOMA INDEPENDENT AGENTS.**

The COMA Workers' Compensation Program is designed to help COMA Members obtain cost-effective Workers' Compensation Insurance with Risk Management Services that deliver excellent value to their businesses. The program offers competitive premium rates, eligibility for a majority of manufacturing classifications, a low minimum premium threshold, flexible payment plans and a variety of loss control services at no extra charge to the members.

Midlands Management Corporation, headquartered in Oklahoma City, will provide all of the Underwriting, Risk Management and Administrative Services in their Oklahoma City Office. *"The advantage to our membership with this program is PMA's expertise in insuring manufacturing firms for over 93 years and the fact that all services including claims will be conducted locally"* according to Jory Gromer, President of COMA.

To participate, the manufacturing facility must be located in Oklahoma, have a Standard Industrial Classification (SIC) code between 2000 and 3999, have a written safety plan and be a member of the Central Oklahoma Manufacturers' Association. A COMA membership application can be found at [www.occ.edu/coma](http://www.occ.edu/coma). Association dues are \$50 per calendar year (Jan-Dec).

PMA Insurance Group, a specialist in workers' compensation since 1915, has extensive experience partnering with manufacturing clients to assess their risk challenges and design solutions that best meet their unique needs. Rated "A-" Excellent by A.M. Best, PMA Insurance Group has a 96% Client Satisfaction rate as measured by an independent research firm.
